Corona Virus (Covid-19) Information:

The Family Medicine Center is currently open for business as usual.

We are actively screening patients per CDC guidelines in collaboration with Ravalli County Public Health and Marcus Daly Memorial Hospital to proactively prevent the spreading of severe illnesses, including Covid-19 (Corona Virus).

If you have concerning symptoms or believe you may have been exposed to the Covid-19 Virus, your first step should be to contact your Primary Care Provider's office for screening.

Please do not go to the Emergency Room if you suspect you might have symptoms or have been exposed to Covid-19.

Your primary resource for information concerning Covid-19 should be the CDC website www.cdc.gov, not social media sites.

We strongly encourage you to practice good hygiene, including hand washing (20 seconds with warm water and soap), hand sanitizer, Clorox wipes at the grocery store, etc. We also encourage you to practice social distancing, e.g. avoiding crowds, gatherings of 10 or more, etc.

Stay calm and remain vigilant. Together, we will get through this. Our clinic is here for you during this time of need. We are open from 8:00 a.m. to 5:00 p.m. Monday through Friday. Our telephone number is 406-363-3627.

Thank you,
The Doctors and Staff at Family Medicine Center
